

# LEAD CONFERENCE

Dec 27-31 | **\$12,000** |

Moorlands Campsite

# ABOUT US

***We equip high school students to be great leaders in their community.***

Our five-day leadership experience and development program anchors leadership in sound character, growing competence and good communication, using biblically saturated teaching, interactive workshops and hands-on learning experiences.

Throughout the conference, LEADers engage with counselors on leadership in the bible and develop close mentoring relationships with leaders who will provide them with valuable feedback, constructive debriefing, and close personal support to help them identify and develop their strengths and build the skills they need to be extraordinary leaders.
